## SPACE STORIES

NOT ALL THE ACTION TOOK PLACE ON EARTH

NASA launched MAVEN (Mars Atmosphere and Volatile EvolutionN) in November to find out why the planet lost its life-friendly environment while a Mars surface rover discovered vast deposits of water trapped in ice caps which are two miles thick on the poles. Traveling at 27,000 mph with a diameter of three football fields, an asteroid missed Earth by two million miles. The Hubble telescope spotted an azure blue planet 63 light years from Earth where it rains liquid glass. In an effort to protect artifacts left by Apollo missions, two members of Congress proposed a national park on the moon.

**HAWAIIAN WAVES** The north shore of Oahu saw 40- to 50-foot waves in January, the largest since 2004. Though the waves presented the perfect challenge for the big wave surf contest, it had to be postponed because of the 40 mph winds. **TYPHOON HAIYAN** More than 6,000 people in the Philippines died as a result of November's unofficially strongest typhoon ever recorded. With winds up to 195 mph, the storm affected 13 million people and caused an estimated \$1.5 billion in damages across the Philippines, Vietnam and Laos. **VOLCANO IN ECUADOR** Tungurahua was expected to erupt in July but no one anticipated gas, stones and ash shooting 45,000 feet into the air, visible from 90 miles away. **TORONTO FLOODING** Nearly five

inches of summer rain fell on Ontario in two hours, disrupting the subway, stranding motorists and causing power outages. **YARNELL HILL FIRE** A lightning strike in late June caused the Arizona fire. Strong winds and a long-term drought pushed the flames, which overran and killed 19 elite firefighters. It took nearly two weeks to contain the fire which burned 8,400 acres and destroyed 129 structures. **SNOW IN EGYPT** In December, up to three feet of snow fell for the first time in 112 years in an area which averages less than one inch of rain per year. **MIDWEST TORNADOES** Tornadoes tore across Midwest states in November, killing six people in Illinois and injuring 200. In all, 12 states felt the effects of the storms and more than 600,000 lost power.

# POLAR VORTEX

LIKE A POLAR CYCLONE, THIS WEATHER PATTERN DIPPED SOUTH OUT OF CANADA EARLY IN JANUARY, BRINGING RECORD LOWS.

Normally this great swirling pool of extremely cold air stays over Canada, but in 2014 it came south, plunging temperatures into the teens as far south as Dallas and breaking records in 49 locations on one day. January 6 saw 26 states under wind chill advisories and watches which closed schools across the Midwest and East Coast. For the first time in decades, the Great Lakes were almost completely frozen with only 12 percent open water.

After a brief respite, temperatures took a dive later in the month and several inches of snow across Alabama and Georgia brought major cities like Atlanta to a standstill. The extreme weather created problems beyond the United States as unusual cold and snow stretched across Europe. Record snowfall in Japan killed 19 people in February.

## NEW SPECIES FOUND

CUTE RACCOON RELATIVE DISCOVERED IN THE AMAZON

Although it was only one of many species discovered in the past year, the carnivorous olinguito drew the most attention. This nocturnal cutie, related to the common raccoon, lived in the Amazon cloud forest. For years, this species had been confused with the common olinguito, perplexing zoo personnel when they refused to mate with others of seemingly their own kind. The Smithsonian's curator of mammals announced both anatomical and genetic evidence that marked it as a new species. The new breed had more appeal than another new species discovered in 2013: Australia's leaf-tailed gecko.

---

**GOING GREEN** THE ROOFTOP SOLAR INDUSTRY AGAIN GREW BY MORE THAN 40 PERCENT AS PEOPLE SOUGHT MORE ENVIRONMENTALLY-FRIENDLY ENERGY SOLUTIONS. THE OPTION TO LEASE AS WELL AS DECLINING SOLAR PANEL PRICES CONTRIBUTED TO THIS GROWTH. ENVIRONMENTALISTS UNDERTOOK ANOTHER BATTLE, FIGHTING TO BLOCK THE COMPLETION OF THE CONTROVERSIAL KEystone PIPELINE THAT WOULD CARRY CRUDE OIL FROM ALBERTA, CANADA, TO REFINERIES IN NEBRASKA, ILLINOIS AND TEXAS. IN NOVEMBER, DOMESTIC OIL PRODUCTION OFFICIALLY PASSED IMPORTS FOR THE FIRST TIME IN NEARLY 20 YEARS.

# TRENDS & TECHNOLOGY

FROM COLOR RUNS AND SHARING VIDEOS TO DELIVERY DRONES, NEW IDEAS PUSH THE LIMITS OF IMAGINATION AND INNOVATION

Started as an event to promote healthiness and happiness by bringing the community together to participate in the "Happiest 5k on the Planet," Color Runs experienced exponential growth again in 2013. Runners dressed in white got doused in neon-colored powders at every kilometer and each of the more than 170 events in 30+ countries in 2013 ended with a "Finish Festival," a post-race party with music, dancing and massive color throws designed to create even more vivid color combinations. Beginning in June, Instagram added the ability for users to shoot and share 15-second videos, enhanced by one of 13 special filters. The new video feature was released as a free update to the existing Instagram app. A delivery debacle "ruined holidays" coast to coast when demand for shipping of online purchases exceeded capacity and winter storms caused delays in major hubs nationwide. Considering other options, Amazon CEO Jeff Bezos told CBS News he expected a drone delivery system to be in place for unmanned aerial deliveries as soon as federal rules changed to allow such flights.

**NO SHAVE NOVEMBER** PROCTER & GAMBLE'S CFO REPORTED THAT NEARLY FLAT SALES GLOBALLY WERE PARTIALLY TO BLAME FOR A SIGNIFICANT DROP IN SECOND-QUARTER NET INCOME, BUT HE ALSO SAID THAT HIPSTERS AND AMERICA'S LOVE AFFAIR WITH FACIAL HAIR — PARTICULARLY, THE TREND OF GROWING MUSTACHES IN NOVEMBER KNOWN AS "MOVEMBER" — HURT SALES OF RAZORS.

Facebook enabled users to search for conversation topics within status updates and posts with Graph Search, and launched clickable #hashtags. Plus, founder Mark Zuckerberg and crew acquired WhatsApp for \$16 billion to add mobile messaging capabilities.

## WAR IN SYRIA

More than two years after the Arab Spring uprising began, the conflict in Syria continued to pit forces loyal to the Ba'ath government against those seeking to oust it. A chemical attack — the worst in 25 years — that killed hundreds and wounded thousands more in Damascus in August led to U.S. calls for military action against Syria, which denied responsibility and blamed rebel fighters for the deaths. Within weeks Russia, a long-time Syrian ally, presented a proposal to eliminate the regime's chemical weapons stockpile under international supervision and the White House backed off. While the U.N., the European Union, Arab League and the Organization of Islamic Cooperation scheduled a second round of peace talks in Geneva for February, the talks ended in a stalemate.

## IRS SCANDAL

While the mission statement for the Internal Revenue Service pledges to "enforce the law with integrity and fairness to all," controversy flared after a report revealed the agency's targeting for closer scrutiny of specific groups applying for tax exemptions, based on their names or political themes. Ultimately, lawmakers called for the resignations of three IRS commissioners, but no criminal charges were ever filed.

## OBAMACARE (AFFORDABLE CARE ACT)

THE MOST SIGNIFICANT CHANGE IN HEALTH CARE IN DECADES

While the new plan was intended to put consumers back in charge of their health care, there was not consensus on the bill's effectiveness. Supporters contended that the "Patient's Bill of Rights" gave the public tools and choices they needed to make informed choices about their health. Detractors complained of technical issues, paperwork problems and higher-than-expected premiums.

## POLITICAL WEAPONS STRUGGLES

CHINA AND NORTH KOREA FLEX THEIR MUSCLES

Growing tension between China, a rising maritime power, and the United States, the dominant naval power in the Pacific, nearly caused a collision between two carriers in December. The American vessel, which was traveling in international waters, maneuvered to avoid the Chinese ship which had intentionally crossed its bow. Satellite images from February showed that North Korea had expanded its main satellite launch site, apparently to accommodate larger rockets being developed for its intercontinental ballistic missile program. While actions suggested imminent nuclear attacks against South Korea, Japan and the United States by the new North Korean administration under Kim Jong-un, the government blamed tensions on military exercises carried out by the United States and South Korea.

## STATE OF THE UNION

OBAMA: 'THE REST OF MY PRESIDENCY IS FOR WORKING-CLASS AMERICA'

Action was the underlying theme of President Barack Obama's Jan. 28 State of the Union address. The president — whose popularity ratings had declined to 42 percent — outlined goals and priorities that included economic opportunity, energy and education, and called for more government support to help rebuild the nation's infrastructure in order to spur growth and create more employment opportunities.

New titles like *This Is What Happy Looks Like* by Jennifer E. Smith, *Eleanor & Park* by Rainbow Rowell, *This Song Will Save Your Life* by Leila Sales and *The Beginning of Everything* by Robyn Schneider were favorites.

# KEEPING BOSTON STRONG

THE BOSTON MARATHON — AN ICONIC RITE OF SPRING — FALLS VICTIM TO A TERRORIST ATTACK BUT THE CITY UNIFIES IN A SHOW OF STRENGTH

Since 1897, runners had gathered on the third Monday in April to run the Boston Marathon, which ended in the city's center. But 2013's race was different. Chechnen immigrants Tamerlan and Dzhokhar Tsarnaev, ages 26 and 19 respectively, set off a pair of bombs made in pressure cookers packed with ball bearings and nails, killing three and injuring 260. Within days, the elder died in a shootout with police and his brother was captured when he was discovered hiding in a boat stored in a backyard. The surviving brother said the duo had hatched the plot as retribution for civilian deaths in Iraq and Afghanistan as a result of the U.S. conflict there. Residents of Boston and others worldwide banded together to be strong in a time of chaos and to raise funds to aid the victims. One Fund, the charity formed to benefit victims, provided more than \$70 million in aid. The Boston Marathon — and the city itself — were about courage and resilience and community.

**BASKETBALL MAGIC** WHEN PENNSYLVANIA'S KEVIN GROW — A DOWN SYNDROME STUDENT AND MANAGER OF HIS SCHOOL'S BASKETBALL TEAM — MADE A SERIES OF THREE-POINT SHOTS IN THE TEAM'S FINALE, THE VIDEO WENT VIRAL. IN WEEKS THAT FOLLOWED, HE SUITED UP WITH BOTH THE SIXERS AND THE GLOBETROTTERS.

Prince George of Cambridge, born on July 22, was Queen Elizabeth's first great-grandson. His birth marked only the second time in history that three generations of direct heirs to the British throne had been alive at one time.

# NELSON MANDELA

HAILED AS A TIRELESS FIGHTER FOR RACIAL EQUALITY,  
HE RECEIVED MORE THAN 250 AWARDS DURING HIS LIFETIME

Nelson Rolihlahla Mandela, born in a small village in South Africa on July 18, 1918, fought against apartheid and injustice until his death on December 5, 2013. He became involved in the anti-apartheid movement in his 20s and spent 20 years directing acts of defiance against the South African government. In the early 1960s he spent five years in prison for organizing a three-day workers' strike and two years later was sentenced to life for political offenses. He served 27 years and contracted tuberculosis during his incarceration. He shared the Nobel Peace Prize with President F. W. deKlerk in 1993 and was elected South Africa's first black president the following year, serving for five years. He retired from public life in 2004 but continued to promote humanitarian efforts throughout the world.

**RIGHTING THE COSTA CONCORDIA** The cruise ship hit a reef off Italy in January 2012, capsizing and claiming 32 lives. After 18 hours and preparation by 500 engineers and divers, the ship was righted in September 2013 so it could be dismantled and scrapped. **SAN FRANCISCO PLANE CRASH** An Asiana flight from South Korea hit the seawall short of the runway at San Francisco International Airport in July, shearing off the landing gear and tail section of the Boeing 777. Two of the 307 passengers died at the scene, one having been run over by a fire truck. Another passenger died later and 181 suffered injuries.

**NYC DERAILMENT** A Bronx commuter train jumped the tracks after traveling nearly three times the posted speed limit into a curve. All seven coaches and the locomotive came off the tracks, killing four of the 150 passengers. The engineer admitted to nodding off before the crash. **DEADLY TRAIN DISASTER** Canada's worst railway catastrophe in nearly 150 years left 47 people dead when a runaway oil tanker train derailed and exploded in Lac-Mégantic, a resort town of 6,000 near the U.S. border. The resulting fire burned for more than 36 hours, damaging 30 buildings and forcing thousands to evacuate their homes.

## SCHOOL VIOLENCE

Gun violence continued to plague schools. In June, six people, including the shooter, died when 23-year-old John Zawahri opened fire in the library at Santa Monica College. He had also killed his father and brother at their home. In October, 12-year-old Jose Reyes shot a teacher at Sparks Middle School in Nevada before turning the gun on himself. A month later in Colorado, Karl Pierson shot and killed Arapahoe High School classmate Claire Davis and then shot himself. He was looking for a faculty member who had angered him. In the midst of these tragedies, people took comfort in the story of Antoinette Tuff, the bookkeeper at a Georgia school. When a gunman stormed the building, she talked him into surrendering by telling him stories of her own life trials.

## GUN CONTROL

In the aftermath of numerous mass shootings, the president called on lawmakers to take action to reduce gun violence. The effort met stiff resistance from the National Rifle Association and other groups. A proposed bill expanding background checks for all firearms purchases stalled in the Senate in April when supporters came up six votes short of the 60 needed.
